HEALTH BOARD MEETS.

Twenty-One Days for Plague Infected Steamers.

At a meeting of the Board of Health yesterday afternoon there were present the following: President Cooper, George Smith, Dr. Emerson, Dr. Day, C. B. Reynolds and D. Keliipio. Upon the report being made by President Cooper that both cabin and steerage passengers of the Nippon Maru had been landed from the City of Columbia, a general discussion on the plague ensued.

On suggestion of Dr. Day it was voted that twenty-one days after the arrival of a plague infected ship be the time of quarantine for both cabin and steerage passengers as in the case of infected vessels at Mediterranean ports.

Dr. Emerson reported the Reform School where there had been two or three cases of typhoid fever recently, in perfect sanitary condition.

C. B. Reynolds reported La haina, Maui, in an unsanitary condition. The secretary was instructed to inquire into the condition of affairs by letter.

Food Inspector Shorey's report showed extraneous coloring matter in some specimens of butter examined. In the case of milk sold by a Japanese vendor, specimens showed less than 9 per cent of solids. The fellow had confessed to putting two quarts of water in every gallon. The Board ordered immediate prosecution.

Following was the other business transacted:

Application of Dr. McNulty for a license favorably acted on.
Dr. Schwere recommended for a license to practice.

Secretary instructed to tender Dr. Thompson now in California, the position of Government physician at Waianae.

Authority was given Sheriff Andrews of Hilo, Hawaii, to employ additional and temporary help at the Hilo hospital during the fever epidemic.

Not the least beautiful of wonders nature has lavished upon Hawaii is the variety of fishes in the surrounding waters. Some of them grotesque in form and others most marvelously colored. KING BROS., have a fine collection of water colors.

On To Manila, a complete history of the Philippine campaign is handled inclusively by the BULLETIN.
